## LETTER FROM THE PRESIDENT

Dear Shareholders,

Fiscal year 2021 was a record-breaking year for Educational Development Corporation. While the COVID-19 pandemic adversely impacted many individuals, businesses, and industries, our Company was fortunate to have experienced a significant increase in sales during this year. School closures in the spring, travel restrictions, and social distancing requirements resulted in an increased demand for quality, educational children's books in the home. And while retail store closures negatively impacted our Publishing division, our UBAM division's consultant sales force and our Home Office were prepared for the influx of business - from newly upgraded Back Office workstations to warehouse system updates allowing orders to process even more efficiently.

Over the past 20 years, our UBAM consultants, along with our internal sales and marketing, IT, and operations teams have continued to develop our online sales presence and home delivery capabilities. And when the demand increased, "we delivered". This was evidenced by the growth in our first quarter net revenues of almost 40%. And as the old story goes, "success breeds success". As a result, we were able to reach more new customers and introduce them to our fantastic products.

Our sales growth began in the first quarter and continued into each quarter thereafter. Overall, our sales grew 81% year-over-year. Combined with this growth were operational improvements which caused our profits to increase 124%. The result of this growth was over \$17 million in operating cash flow, of which we used \$8 million to pay down debt early, invest in inventory and assets to keep up with the sales demand, and the remaining cash flows to increase the dividend to our shareholders.

As we enter the new fiscal year 2022, we continue to expect growth as, like I have said many times over the past year, "COVID-19 was the Catalyst but not the Cause". The cause of our growth is our wonderful active consultants, and we now have almost 100% more than we did last year. In addition, we look for the return of sales from our Publishing Division, school & library contacts, and booth events that were negatively impacted during the past year.

I appreciate the support from our shareholders and other stakeholders, who have all been part of our success. I also want to thank our consultants and our loyal retail customers that have worked so hard over the past year as we achieved record results and who remain dedicated to continued growth in sales and earnings.

Finally, I am proud that we were deemed an essential business that kept our doors open throughout the last year. I want to specifically thank all of our EDC employees, as they showed up to work each day in the midst of a global pandemic. The sacrifices that they made to get the job done in busy but difficult times are commendable. Our team focused not only on the work at hand but also on maintaining strict protocols to ensure the health and safety of all of our team members.

EDC is a great company to work for and a great company to own.

Cordially yours,

Randall W. White Chairman of the Board, President and Chief Executive Officer

andel Irhite

That's not my narwhal.

# About EDC

**Educational Development Corporation** (EDC) is a publishing company specializing in books for children. EDC is the American co-publisher of the UK-based Usborne Books and owns Kane Miller, which publishes children's literature from around the world. EDC's current catalog contains over 2,000 titles, with new additions semi-annually. Both Usborne and Kane Miller products are sold nationally by approximately 60,000 direct sales consultants, as well as in 4,000 book, toy and specialty stores.

#### Kane Miller Books

For 35 years, Kane Miller has been publishing award-winning children's books in the United States from some of the best author's from around the world. Kane Miller books transport the reader to places that are simultaneously different and familiar. Kane Miller titles foster global awareness, good citizenship, appreciation for diversity, kindness and perseverance. Like Usborne, Kane Miller offers books in a variety of formats for every age, from babies to adults.

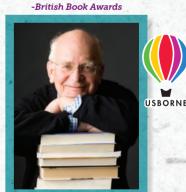

#### **Usborne Books**

Usborne Publishing was created in 1973 and has become the leading UK independent publishing company focused on early childhood learning. Founder Peter Usborne pioneered a new generation of vividly illustrated books created with the belief that children are intelligent, learn more than adults on a daily basis, and deserve compelling books that are visually and intellectually stimulating. This vision has been extended to incorporate over 2,000 titles for children of every age, from infants to teenagers, in a variety of topics and formats. Usborne books are currently published globally in over 100 languages.

## NEWS FROM OUR TWO SALES DIVISIONS

#### Usborne Books & More (UBAM) Division

Usborne Books & More began its growth climb early in the year with multiple significant changes to business programs and incentives. Just prior to the beginning of fiscal year 2021, our Consultants and Leaders were provided with an entirely new Back Office workstation. This new system integrates sales & team data into trackers and reports that make working their business easier and more enjoyable. In addition to this software upgrade, we also implemented changes to the new Consultant incentive program, path to promote to Leadership, and introduced a new recognition level. This new program offers motivation and incentives for building your business: CLIMB (Consultants Learning to Ignite and Maximize their Business), Step up to Leadership, and Continue to Rise (to upper-level leadership).

These changes provided an exciting start to the year, which was quickly replaced with questions and concern surrounding the impact of the COVID-19 pandemic. We faced the challenges with creativity and solutions to meet our customers' needs. Our e-commerce site was changed slightly to highlight books that would be perfect for Learning from Home, by grade level. Our Consultants and Leaders were poised and ready to assist their customers and communities by curating lists of books that would complement subjects they were learning, as well as keep younger siblings busy as older siblings transitioned to online classrooms. With these changes, we saw rapid growth not only in sales, but also with an influx of new Consultants joining the business.

While we experienced growth during the pandemic, we believe that COVID-19 was a catalyst for that growth but not the cause for the continued growth. In June, we hosted a virtual Convention attended by over 9,000 Consultants and Leaders. This led us successfully into the Fall Selling Season with inspired and motivated new business owners ready to build. This momentum propelled us to a record-sales year and we are excited about the foundation it is providing us as we enter the next fiscal year.

For the third year in a row, we were recognized by the Direct Selling News as part of their Global 100, which honors global companies based on revenue. Usborne Books & More is proud to be a part of this distinguished list, especially as our sales can only be attributed to the United States, while many other honorees also sell internationally.

UBAM consultants sell through multiple avenues, including parties both in homes and online, book fairs, a grant matching program, fundraisers, reading incentive programs, and more. All of these sales opportunities roll into the various promotions and incentives offered by our "Home Office", including monthly challenges and travel incentive contests.

## EDC Publishing (Retail) Division

The Publishing Division, also known as the Retail Division, sells to large national bookstore chains and independent retailers; including book, toy and gift stores nationwide. Net revenues for this division were \$8.6 million in fiscal 2021, a decrease of 11% from fiscal 2020. Our retail sales experienced quite a bit of fluctuation throughout the year as most retail stores were navigating closures and a transition to online sales opportunities. One area that particularly thrived were our curriculum customers, who capitalized on the increased demand for educational and home school curriculum products. Additionally, we have multiple customers who purchase several of our titles in bulk to meet the needs of their businesses that provide products delivered directly to homes.

At the end of fiscal 2020, we brought new sales leadership to our Retail Division. Our new Publishing Sales Manager has already made great strides during fiscal 2021 to develop and strengthen relationships with our independent sales agents as well as continue to bolster the relationships with our house accounts, which include our large national bookstore customers. We are seeing positive impacts from the recent sales leadership change and continue to expect growth in our Retail Division.

Heather Cobb Chief Sales & Marketing-Officer

**FY2021 Key Performance Indicators:** 

- New Consultants: 56,100 ↑ 148%
   Consultants with Leader level status at end of year: 2,985
- Active Consultants at end of year: 57,600

## **OPERATIONS**

During the first half of fiscal year 2021 our operations team focused on handling the explosive increase of our business. As many businesses were slowing or closing due to the COVID-19 pandemic, we were growing and needed to expand our productivity to meet demands. We spun up a 2nd shift as quickly as we could. And while the efficiency and effectiveness of the 1st shift was very stable, the 2nd shift was equally volatile. The team worked tirelessly to streamline our pick and pack processes as much as possible so we could accommodate challenges of doubling our workforce with the 2nd shift. The onboarding process was not a roadblock to being able to bring on necessary capable employees.

During the third quarter, we completed a capital expansion project of a temporary line to help us stay current with increased order volumes. The new line was operational for approximately six weeks and allowed us to fulfill an additional 40,000 orders during our fall selling season, which is our busiest time of the year. At the beginning of our fourth quarter, as our seasonal

rush slowed, we disassembled the line to make way for our much, much larger project that will facilitate our continued growth. The equipment purchased for the temporary line was reused in the construction of the permanent project. This new project consists of two new lines on two levels constructed with a rack-supported mezzanine. The new project utilizes the best practices of our current lines as well as some improvements, such as multiple induction areas and "early outs" which allows orders to further skip whole sections of the pick lines where there are no picks, thus speeding the pick process. We ran simulations to determine productivity rates and anticipate that we will pick up a 20% increase in productivity over our existing lines. With the addition of these two new lines, we estimate that we can conservatively ship \$250 to \$300 million of retail value products utilizing a single shift and further double if we add a second shift. Clearly, our operations team has stepped up to the increased volume of business and expects to handle the additional growth in fiscal 2022 and beyond.

Our future operational expansion plans include building more warehouse space for inventory storage and fulfillment lines on our 15 acres of available land at our current campus. We continue to maintain a strong relationship with our small parcel carrier and have negotiated favorable terms to offset the peak surcharges they assigned during the fall selling season. Those terms continue into fiscal 2022.

#### IT

At the start of fiscal 2021, after many months of development, our IT team rolled out our new Consultant Back Office platform, which provides the tools that our UBAM division's salesforce use to evaluate and run their business. One of the major enhancements with this new platform includes "mobility", allowing our consultants to operate their business effectively using their mobile phone. Throughout fiscal 2021, the team continued to develop new tools and add reports to improve this new platform.

During the last year our IT team also completed several other projects that were "mission-critical" to support our rapid growth. They redesigned our network to realize the maximum efficiency from resources and get maximum throughput so online shopping was not slowed due to the increased traffic. The team also implemented changes to our e-commerce platform to add features to improve the customer online shopping experience. One of those new features includes a "notify me" option for out-of-stock items that, if opted, sends the customer a notification when the item came back in stock. This new feature not only resulted in repeat business when that title came back in but invariably the customer purchased much more than the original out of stock item.

The team has continued development on a new version of our e-commerce platform that they expect to rollout in the second quarter of fiscal 2022. This new plaform will include a more modern design, improving the customer shopping experience, and more robust mobility options. We are proud of the IT teams accomplishments this year and know that fiscal 2022 will yield additional improvements in our customer's online experience.

#### FORWARD-LOOKING STATEMENTS

#### CAUTIONARY REMARKS REGARDING FORWARD LOOKING STATEMENTS

The information discussed in this Annual Report on Form 10-K includes "forward-looking statements." These forward-looking statements are identified by their use of terms and phrases such as "may," "expect," "estimate," "project," "plan," "believe," "intend," "achievable," "anticipate," "continue," "potential," "should," "could," and similar terms and phrases. Although we believe that the expectations reflected in these forward-looking statements are reasonable, they do involve certain assumptions, risks and uncertainties and we can give no assurance that such expectations or assumptions will be achieved. Known and unknown risks, uncertainties and other factors may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, our success in recruiting and retaining new consultants, our ability to locate and procure desired books, our ability to ship timely, changes to our primary sales channels, our ability to obtain adequate financing for working capital and capital expenditures, economic and competitive conditions, regulatory changes and other uncertainties, the COVID-19 pandemic, as well as those factors discussed below and elsewhere in this Annual Report on Form 10-K, all of which are difficult to predict. In light of these risks, uncertainties and assumptions, the forward-looking events discussed may not occur. All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements in this paragraph and elsewhere in this Annual Report on Form 10-K and speak only as of the date of this Annual Report on Form 10-K. Other than as required under the securities laws, we do not assume a duty to update these forward-looking statements, whether as a result of new information, subsequent events or circumstances, changes in expectations or otherwise. As used in this Annual Report on Form 10-K, the terms "the Company," "EDC," "we," "our" or "us" mean Educational Development Corporation, a Delaware corporation, unless the context indicates otherwise.

#### Item 1. BUSINESS

#### (a) General Description of Business

We are the exclusive United States ("U.S.") trade co-publisher of educational children's books produced in the United Kingdom by Usborne Publishing Limited ("Usborne") and we also exclusively publish books through our ownership of Kane Miller Book Publisher ("Kane Miller"); both award-winning publishers of international children's books. We are a corporation incorporated under the laws of the State of Delaware on August 23, 1965. Our fiscal year ends on February 28 (29).

Our Company motto is "The future of our world depends on the education of our children. EDC delivers educational excellence one book at a time. We provide economic opportunity while fostering strong family values. We touch the lives of children for a lifetime."

#### (b) Financial Information about Our Segments

While selling children's books and related products (collectively referred to as "books") is our only line of business, we sell through two business segments, which we sometimes refer to as "divisions":

- Home Business Division ("Usborne Books & More" or "UBAM") This division sells our books through
  independent consultants directly to our customers. Our consultants sell books by hosting home parties,
  through social media collaboration platforms on the internet, by hosting book fairs with school and public
  libraries and through other events.
- Publishing Division ("EDC Publishing" or "Publishing") This division sells our books to bookstores (including major national chains), toy stores, specialty stores, museums and other retail outlets throughout the country.

#### Percent Net Revenues by Division

	FY 2021	FY 2020
UBAM	96%	91%
Publishing	4%	9%
Total net revenues	<u>100</u> %	<u>100</u> %

#### (c) Narrative Description of Business

#### **Products**

As the exclusive United States trade co-publisher of Usborne books and sole publisher of Kane Miller books, we offer over 2,000 different children's books. Many of our books are interactive in nature, including our touchy-feely board books, activity books and flashcards, adventure and search books, art books, sticker books and foreign language books. Most of our books were originally published in other countries, in their native languages, and we translate them to common American English and have exclusive rights to publish the titles in the United States.

We also have a broad line of 'internet-linked' books which allow readers to expand their educational experience by referring them to relevant non-Company websites. Our books include science and math titles, as well as chapter books and novels. We continually introduce new titles across all lines of our products.

UBAM markets our books through commissioned consultants using a combination of direct sales, home parties, book fairs and internet based social media platforms ("online parties"). This division had approximately 57,600 active consultants as of February 28, 2021.

Our Publishing division markets through commissioned trade representatives who call on retail book, toy, and specialty stores along with other retail outlets. Publishing also conducts in-house marketing by telephone to these customers and potential customers. This division markets to approximately 4,000 book, toy and specialty stores. Approximately 5% of our Publishing division's net revenues are to national book chain stores.

#### Seasonality

Sales for both divisions are greatest during the fall due to the holiday season.

#### Competition

While we have the exclusive U.S. rights to sell Usborne and Kane Miller books, we face competition from the internet and other book publishers who are also selling directly to our customers. Our UBAM division competes in recruiting and retaining sales consultants, which continuously receive opportunities to work for other direct selling companies, as well as new non-traditional employment opportunities in the gig-marketplace that provide part-time supplemental income. We also compete with Scholastic Corporation in the school and library book fair market.

Our Publishing division faces competition from large U.S. and international publishing companies that sell online and through the same retail publishing stores as well as for space in retail toy, gift and novelty stores that offer a variety of non-book products.

#### **Employees**

As of May 3, 2021, 214 full-time employees worked at our Tulsa office and distribution facility and at our San Diego office. Of these employees, approximately 71% of our employees work in our distribution warehouse.

#### Company Reports

Pursuant to Section 13 or 15 of the Exchange Act, as soon as reasonably practicable after filing electronically or otherwise furnishing it to the Securities and Exchange Commission ("SEC"), we make available, free of charge, on our website (www.edcpub.com) copies of our Annual Reports and Quarterly Reports. Our website also includes an internet link to the federal SEC website that contains additional public reports, including Current Reports on Form 8-K, amendments to those reports filed or furnished to the SEC and reports of holdings of our securities filed by our officers and directors under Section 16 of the Exchange Act. These reports will be provided electronically, free of charge, upon request.

#### COVID-19 Update

In December 2019, a novel strain of coronavirus, known as COVID-19, was reported in Wuhan, China and has since extensively impacted the global health and economic environment. In March 2020, the World Health Organization characterized COVID-19 as a pandemic, and President Trump declared the COVID-19 outbreak in the United States as a national emergency. The Company has taken numerous steps, and will continue to take further actions, in its approach to minimize the impact of the COVID-19 pandemic. To ensure the well-being of our employees, the Company offered employees in our office the ability to work from home on a temporary basis; we instructed employees in our warehouse and office to take their temperature at the start of every shift; we requested employees forgo any in-person meetings and instead opt to utilize virtual meeting spaces; and we published and continually updated our employees on the most recent developments related to COVID-19 and best practices for safety and health in the office, warehouse and at home. On April 16, 2020, the Company entered into a loan with MidFirst Bank as the lender in an aggregate principal amount of \$1.4 million pursuant to the Paycheck Protection Program (the "PPP") under the Coronavirus Aid, Relief, and Economic Security (CARES) Act. This loan program provided paycheck protection for our employees from the economic impact to our business due to COVID-19, which was seen most by the decline in our Publishing division's sales due to the temporary closure of many retail outlets across the country, and in our UBAM division's School and Library and Book Fair sales due to the temporary closure of many schools nation-wide. The Company determined the PPP loan was no longer needed and therefore repaid the loan in full on May 12, 2020. While the Company did not experience a decrease in net revenues during fiscal year 2021 compared with the prior fiscal year 2020, the severity and duration of the pandemic are uncertain and the extent to which our results are affected by COVID-19 cannot be accurately predicted. Effective May 1, 2021, we lessened our safety and health practices in the office and warehouse based on the recommendations from the Tulsa Health Department. We are closely monitoring the impact of the COVID-19 pandemic and continually assessing its potential effects on our business. See Management's Discussion and Analysis of Financial Condition and Results of Operations for more information on the impact COVID-19 had during the current fiscal year.

#### Item 1A. RISK FACTORS

We are a smaller reporting company and are not required to provide this information.

#### Item 1B. UNRESOLVED STAFF COMMENTS

None

#### Item 2. PROPERTIES

Our headquarters office and distribution warehouse are located on a 40-acre complex at 5402 South 122nd East Ave, Tulsa, Oklahoma. We own the complex which includes multiple buildings that combine to approximately 400,000 square feet of office and warehouse space, of which 218,700 is utilized by us and 181,300 is occupied by a third-party tenant. All customer orders are fulfilled from our 170,000 square foot warehouse using multiple flow-rack systems, known as "the lines," to expedite order completion, packaging, and shipment.

We also own a facility located at 10302 East 55th Place, Tulsa, Oklahoma that contains approximately 105,000 square feet of usable space including 8,000 square feet of office and 97,000 square feet of warehouse space. We use approximately 76,000 square feet of warehouse space for overflow inventory. The remaining 8,000 square feet of office space and 21,000 square feet of warehouse are leased to third-party tenants with multi-year lease agreements.

In addition to these owned properties, we also lease additional warehouse space in Tulsa OK as needed for overflow inventory and a small office in San Diego, California that is used by our Kane Miller employees. We believe that our operating facilities meet both present and future capacity needs.

#### Item 3. LEGAL PROCEEDINGS

We are not a party to any material pending legal proceedings.

#### Item 4. MINE SAFETY DISCLOSURES

None

#### **PART II**

## Item 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

The common stock of EDC is traded on NASDAQ (symbol "EDUC"). The number of shareholders of record of EDC's common stock as of May 10, 2021 was 467.

For information regarding our compensation plans see Note 10 of the notes to the financial statements and our definitive Proxy Statement to be filed in connection with the Annual Meeting of Shareholders to be held on July 7, 2021, as outlined in Part III, Item 12 in this Annual Report.

#### Issuer Purchases of Equity Securities

Period	Total # of Shares Purchased	Average Price Paid Per Share	Total # of Shares Purchased as Part of Publicly Announced Plan (1)	Maximum # of Shares that may be Repurchased Under the Plan <sup>(1)</sup>
December 1-31, 2020	5,000	\$17.68	5,000	514,594
January 1-31, 2021	_	_		514,594
February 1-28, 2021				514,594
Total	<u>5,000</u>	<u>\$17.68</u>	<u>5,000</u>	

<sup>(1)</sup> On February 4, 2019, the Board of Directors approved a new stock repurchase plan, replacing the former 2008 stock repurchase plan. The maximum number of shares which may be purchased under the new plan is 800,000. This plan has no expiration date.

#### Item 6. SELECTED FINANCIAL DATA

We are a smaller reporting company and are not required to provide this information.

## Item 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This Management's Discussion and Analysis of Financial Condition and Results of Operations contains a discussion of our business, including a general overview of our segments, our results of operations, our liquidity and capital resources, and our quantitative and qualitative disclosures about market risk.

The following discussion contains forward-looking statements that reflect our future plans, estimates, beliefs and expected performance. The forward-looking statements are dependent upon events, risks and uncertainties that may be outside of our control. Our actual results could differ materially from those discussed in these forward-looking statements. See "Cautionary Remarks Regarding Forward-Looking Statements" in the front of this Annual Report on Form 10-K.

#### **Management Summary**

We are the exclusive United States trade co-publisher of Usborne children's books and the owner of Kane Miller. We operate two separate segments; UBAM and Publishing, to sell our Usborne and Kane Miller children's books. These two segments each have their own customer base. The Publishing segment markets its products on a wholesale basis to various retail accounts. The UBAM segment markets its products through a network of independent sales consultants using a combination of home shows, social media platform events (called "online parties") and book fairs. All other supporting administrative activities are recognized as other expenses outside of our two segments. Other expenses are primarily compensation of our office, warehouse and sales support staff as well as the cost of operating and maintaining our corporate office and distribution facility.

#### **UBAM Division**

Our UBAM division uses a multi-level direct selling platform to market books through independent sales representatives ("consultants") located throughout the United States. The customer base of UBAM consists of individual purchasers, as well as schools and public libraries. Revenues are primarily generated through book showings in individual homes, on social media collaboration platforms, through book fairs with school and public libraries and other events. This past fiscal year continued with a significant shift toward internet sales via social media platform events, such as Facebook parties.

An important factor in the continued growth of the UBAM division is the addition of new sales consultants and the retention of existing consultants. Current active consultants (defined as those with sales during the past six months) often recruit new sales consultants. UBAM makes it easy to recruit by providing sign-up kits for which new consultants can earn rewards including discounted books and cash based on exceeding certain sales criteria. In addition, our UBAM division provides our consultants with an extensive operational handbook, valuable training and an individual website they can customize and use to operate their business.

#### Consultants

	FY 2021	FY 2020
New Consultants Added During Fiscal Year	56,100	22,600
Active Consultants at End of Fiscal Year.	57,600	29,600

Our UBAM division's multi-level marketing platform presently has eight levels of sales representatives:

- Consultants
- Team Leaders
- Advanced Leaders
- Senior Leaders
- Executive Leaders
- Senior Executive Leaders
- Directors
- Senior Directors

Upon signing up, sales representatives begin as "Consultants". Consultants receive "weekly commissions" from each sale they make; the commission rate they receive on each sale is determined by the marketing program under which the sale is made. In addition, Consultants receive a monthly sales bonus once their sales reach an established monthly goal and other awards (called "Home Office Challenges") for meeting other individual sales and recruiting goals for the month. Consultants who recruit a specified number of other consultants into their downline "central group" become "Team Leaders". Upon reaching this Team Leader level, consultants become eligible to receive "monthly override payments" which are calculated on sales made from their downline central group of recruits. Team Leaders that recruit and promote other Team Leaders, and meet other established criteria, are eligible to become "Advanced Leaders".

Once Advanced Leaders promote a second level consultant, add additional recruits and meet other established criteria, they become "Senior Leaders", "Executive Leaders", "Senior Executive Leaders", "Directors" or "Senior Directors". One-time bonus payments are made to consultants at each promotion level. Executive Leaders and higher receive an additional monthly override payment based upon the sales of their downline groups. Directors and higher receive an additional bonus payment if they promote an Advanced Leader to a Senior Leader from their central group. The maximum override payment a leader can receive is calculated on three levels below their downline central group.

During fiscal year 2021, internet sales continued to be the largest sales channel within our UBAM division. The use of social media and party plan platforms, such as those available on Facebook, have become popular sales tools. These platforms allow consultants to "present" and customers to "attend" online purchasing events from any geographical location.

Customer's internet orders are primarily received via the consultant's customized website, which is hosted by the Company. Consultants contact hosts or hostesses (collectively "hostess") who then provide a list of contacts to invite to an online party. During the online party, the consultant answers attendee's questions and provides product recommendations. These attendees then select desired products and place orders via the consultant's customized website. Internet orders are processed through a standard online "shopping cart checkout" and the consultant receives sales credit and commission on the transaction. All internet orders are shipped directly to the end customer. The hostess earns discounted books based on the total sales from the attendees at the online party.

Home parties occur when consultants contact hostesses to hold book shows in their homes. The consultant assists the hostess in setting up the details for the show, makes a presentation at the show and takes orders for the books. The hostess earns discounted books based on the total sales at the party, including internet orders for those customers who can only attend via online access. Home party orders are typically shipped to the hostess who then distributes the books to the end customer. Customer specials are also available when customers, or their party, order above a specified amount. Additionally, home shows often provide an excellent opportunity for recruiting new consultants.

UBAM net revenues also includes sales to schools and libraries through educational consultants. The school and library program includes book fairs which are held with an organization as the sponsor. The consultant provides promotional materials to introduce our books to parents. Parents turn in their orders at a designated time. The book fair program generates discounted books for the sponsoring organization. UBAM also has various fundraiser programs. *Reach for the Stars* is a pledge-based reading incentive program that provides cash and books to the sponsoring organization and books for the participating children. An additional fundraising program, *Cards for a Cause*, offers our consultants the opportunity to help members of the community by sharing proceeds from the sale of specific items. Organizations sell variety boxes of greeting-type cards and donate a portion of the proceeds to help support their related causes.

#### **Publishing Division**

Our Publishing division operates in a market that is highly competitive, with a large number of retail companies engaged in the selling of books. The Publishing division's customer base includes national book chains, regional and local bookstores, toy and gift stores, school supply stores and museums. To reach these markets, the Publishing division utilizes a combination of commissioned sales representatives located throughout the country and a commissioned in-house sales group located at our headquarters.

The table below shows the percentage of net revenues from our Publishing division based on market type.

#### Publishing Division Net Revenues by Market Type

	FY 2021	FY 2020
National chain bookstores	5%	9%
All other	95%	91%
Total net revenues	<u>100</u> %	<u>100</u> %

Publishing uses a variety of methods to attract potential new customers and maintain current customers. Our employees attend many of the national trade shows held by the book selling industry each year, allowing us to contact potential buyers who may be unfamiliar with our books. We actively target the national book chains through joint promotional efforts and institutional advertising in trade publications. Our products are then featured in promotions, such as catalogs offered by the vendor. We may also seek to acquire, for a fee, an end cap position (our products are placed on the end of a shelf) in a bookstore, which we and the publishing industry consider an advantageous location in the bookstore.

Publishing's in-house sales group targets the smaller independent book and gift store customers. This market has seen continued growth over the past several years as our sales to large bookstore chains have fluctuated based primarily on the number of promotions that we are able to run in the national chain stores. Our semi-annual, full-color, 200-page catalogs, are mailed to over 4,000 customers and potential customers. We also offer two display racks to assist stores in displaying our products.

Our Publishing division activities and sales were significantly impacted during the last fiscal year due to the COVID-19 pandemic. Many of the national trade shows were cancelled and a significant number of our retail customers temporarily closed to comply with their local health department recommendations. The Company has taken steps to limit the exposure to bad credit as well as offer flexible payment terms for those customers that requested additional time to pay their outstanding invoices.

#### **Result of Operations**

The following table shows our statements of earnings data:

	Twelve Months Ended February 28 (29	
	2021	2020
Net revenues	\$204,635,100	\$113,011,900
Cost of goods sold	60,037,000	36,863,300
Gross margin	144,598,100	76,148,600
Operating expenses		
Operating and selling	36,123,700	18,606,000
Sales commissions	69,977,200	34,994,800
General and administrative	22,541,500	15,505,100
Total operating expenses	128,642,400	69,105,900
Other (income) expense		
Interest expense	561,000	888,100
Other income	(1,836,100)	(1,597,300)
Earnings before income taxes	17,230,800	7,751,900
Income taxes	4,606,800	2,106,800
Net earnings	\$ 12,624,000	\$ 5,645,100

See the detailed discussion of net revenues, gross margin and operating expenses by reportable segment below.

The following is a discussion of significant changes in the non-segment related operating expenses, other income and expenses and income taxes during the respective periods.

#### **Non-Segment Operating Results**

Operating expenses not associated with a reporting segment were \$19.4 million for fiscal year ended February 28, 2021 compared to \$13.1 million for the same period a year ago. Operating expenses increased \$6.3 million due to a \$3.8 million increase in payroll primarily related to an increase in warehouse labor and incentive plan expenses, an increase in freight handling costs of \$1.9 million from an escalation in the number of shipments, a \$0.2 million increase in depreciation expense, a \$0.2 million increase in other services related to the increase in sales volumes, a \$0.1 million increase in rent for the addition of warehouse space needed for the influx of inventory and other various increases totaling \$0.1 million.

*Interest expense* decreased \$0.3 million to \$0.6 million for the fiscal year ended February 28, 2021, compared to \$0.9 million reported for fiscal year ended February 29, 2020 due to the early extinguishment of two long-term debt agreements during the second quarter of fiscal year 2021.

*Other income* increased \$0.2 million to \$1.8 million for the fiscal year ended February 28, 2021, compared to \$1.6 million for the fiscal year ended February 29, 2020 due primarily to increased royalties received from a national fast food restaurant chain that prints shortened versions of selected titles to include with their kids meals.

Income taxes increased \$2.5 million to \$4.6 million for the fiscal year ended February 28, 2021, from \$2.1 million for the same period a year ago. This increase was primarily related to an increase in taxable income for the current fiscal year compared to prior fiscal year. The effective tax rate decreased by 0.5% to 26.7% for the fiscal year ended February 28, 2021, as compared to 27.2% for the fiscal year ended February 29, 2020 due to sales mix fluctuations between states. Our tax rates are higher than the federal statutory rate of 21% due to the inclusion of state income and franchise taxes.

#### **UBAM Operating Results**

The following table summarizes the operating results of the UBAM segment for the twelve months ended February 28 (29):

	Twelve Months Ended February 28 (29),	
	2021	2020
Gross sales	\$237,317,700	\$129,363,500
Less discounts and allowances	(65,099,100)	(36,075,000)
Transportation revenue	23,790,700	10,022,100
Net revenues	196,009,300	103,310,600
Cost of goods sold	55,603,000	31,759,200
Gross margin	140,406,300	71,551,400
Operating expenses		
Operating and selling	31,182,700	15,551,000
Sales commissions	69,707,200	34,617,200
General and administrative	6,695,800	3,938,600
Total operating expenses	107,585,700	54,106,800
Operating income	\$ 32,820,600	\$ 17,444,600
Average number of active consultants	48,700	32,500

UBAM net revenues increased \$92.7 million, or 89.7%, to \$196.0 million for the fiscal year ended February 28, 2021, when compared with net revenues of \$103.3 million reported for fiscal year ended February 29, 2020. The average number of active consultants in fiscal year 2021 was 48,700, an increase of 16,200, or 49.8%, from 32,500 average active consultants selling in fiscal year 2020. The Company reports the average number of active consultants as a key indicator for this division. UBAM's increase in active consultants resulted from several factors, including: an increase in families looking for non-traditional income streams to supplement or replace income lost from the COVID-19 pandemic, a change in new consultant kits which offered lower introductory prices, the restructure of our UBAM consultant success program, which was introduced during the first quarter of fiscal 2021 and technology improvements that have enhanced the customer experience and streamlined the proprietary systems that our consultants use to run their business. Our increase in active consultants and our ability to receive orders online and deliver directly to our customers' homes resulted in our increased revenues during the current fiscal year.

UBAM gross margin increased \$68.8 million, or 96.1%, to \$140.4 million for the fiscal year ended February 28, 2021, from \$71.6 million reported for fiscal year ended February 29, 2020. Gross margin as a percentage of net revenues increased 2.3% to 71.6% for fiscal year 2021 when compared to 69.3% for fiscal year 2020. The increase in gross margin as a percentage of net revenues was due to the change in mix of order types received. In the current fiscal year, our web sales, which have the lowest discounts and pay the highest commissions, increased significantly while book fairs, school and library sales and other in-person sale types declined year over year, due to the quarantining effects of the COVID-19 pandemic. The increase in web sales and decrease in in-person sales also resulted in overall higher sales commissions as a percentage of net revenues during the fiscal year. The overall net profit impact of the order type mix change after selling expenses, commissions and direct operating expenses was minimal.

Total UBAM operating expenses increased \$53.5 million, or 98.9%, to \$107.6 million during the fiscal year ended February 28, 2021, when compared with \$54.1 million reported for fiscal year ended February 29, 2020. Operating and selling expenses increased \$15.6 million, to \$31.2 million for fiscal year ended February 28, 2021 from \$15.6 million reported for fiscal year 2020, primarily due to an increase in postage and freight costs of \$15.0 million and an increase in expenses for trip accruals and other consultant rewards of \$0.6 million, both associated with increased UBAM sales. Sales commissions increased \$35.1 million, to \$69.7 million, for fiscal year ended February 28, 2021 from \$34.6 million reported for fiscal year 2020, due primarily to the increase in sales volumes and the increase in internet-based sales, which offer fewer discounts and higher sales commissions to consultants. General and administrative expenses increased \$2.8 million to \$6.7 million during the fiscal year ended February 28,

2021, when compared with \$3.9 million reported for fiscal year ended February 29, 2020. This increase was primarily due to \$2.1 million of increased credit card transaction fees associated with increased sales volumes and a \$0.7 million increase in promotions and marketing expenses associated with increased consultant counts.

Operating income of our UBAM division increased \$15.4 million, or 88.5%, to \$32.8 million for fiscal year ended February 28, 2021, as compared to \$17.4 million reported for fiscal year ended February 29, 2020. Operating income of the UBAM division as a percentage of net revenues for the year ended February 28, 2021 was 16.7%, compared to 16.9% for the year ended February 29, 2020, a change of 0.2%, or \$0.3 million. Operating income as a percentage of net revenues changed from the prior year primarily due to increased postage and freight expenses as a percentage of net revenues totaling approximately \$0.8 million, partially offset by the positive impact of the change to a "virtual" annual convention in our fiscal 2020 second quarter totaling approximately \$0.5 million.

#### **Publishing Operating Results**

The following table summarizes the operating results of the Publishing segment for the twelve months ended February 28 (29):

	Twelve Months Ended February 28 (29),	
	2021	2020
Gross sales	\$18,271,900	\$ 20,573,300
Less discounts and allowances	(9,715,600)	(10,909,700)
Transportation revenue	69,500	37,700
Net revenues	8,625,800	9,701,300
Cost of goods sold	4,434,000	5,104,100
Gross margin	4,191,800	4,597,200
Total operating expenses	1,620,200	1,915,200
Operating income	\$ 2,571,600	\$ 2,682,000

Our Publishing division's net revenues decreased \$1.1 million, or 11.3%, to \$8.6 million for the fiscal year ended February 28, 2021, when compared with net revenues of \$9.7 million reported for fiscal year ended February 29, 2020. The decrease in sales resulted from temporary store closures in areas impacted by the COVID-19 pandemic. Many Publishing customers temporarily closed during the first part of our fiscal year 2021, following the guidance from their local authorities to prevent the spread of the pandemic, and have begun reopening at varying times over the last six months of the fiscal year. In addition, many customers expanded their capacity to sell online, which had a positive impact on Publishing sales in the last six months.

Gross margin decreased \$0.4 million to \$4.2 million for the fiscal year ended February 28, 2021, from \$4.6 million reported for fiscal year ended February 29, 2020. The decrease in gross margin primarily resulted from the decrease in net revenues. Gross margin as a percentage of net revenues increased 1.2% to 48.6% for the fiscal year 2021, compared to 47.4% reported the same period a year ago. The increase in gross margin percentage results primarily from a change in our customer mix. Customers receive varying discounts due to sales volumes and contract terms

Operating income for the segment decreased \$0.1 million, or 3.7%, to \$2.6 million for fiscal year ended February 28, 2021, from \$2.7 million reported during the same period last year. The decrease in operating income resulted primarily from the \$0.4 million decrease in gross margin, offset by \$0.1 million of reduced freight from fewer sales orders, \$0.1 million reduced sales commissions from fewer sales orders and \$0.1 million of reduced expenses due to trade show cancellations resulting from the COVID-19 pandemic.

#### Liquidity and Capital Resources

EDC has a history of profitability and positive cash flows. We typically fund our operations from the cash we generate. We also use available cash primarily to purchase additional inventory, to pay down our outstanding bank loan balances, for capital expenditures, to pay dividends and to acquire treasury stock. During fiscal year 2021, we dramatically increased our inventory purchases based on fiscal year 2021 sales. At fiscal year-end 2021, our revolving bank credit facility loan balance was \$5.2 million with \$9.6 million in available capacity.

During fiscal year 2021, we generated positive cash flows from our operations of \$7.8 million. These cash flows resulted from:

• net earnings of \$12,624,000

#### Adjusted for:

- depreciation expense of \$1,633,200
- share-based compensation expense of \$938,600
- provision for inventory valuation allowance of \$198,600
- provision for doubtful accounts of \$139,800

#### Offset by:

• deferred income taxes of \$903,400

#### Positively impacted by:

- increase in accounts payable of \$8,952,000
- increase in accrued salaries, commissions, and other liabilities of \$4,676,000
- increase in deferred revenue of \$1,528,800
- increase in income taxes payable of \$351,900

#### Negatively impacted by:

- increase in inventories, net of \$21,542,300
- increase in accounts receivable of \$519,400
- increase in prepaid expenses and other assets of \$260,100

Cash used in investing activities was \$4.1 million for capital expenditures. Our capital expenditures were primarily associated with equipment purchased to increase our daily shipping capacity and the software upgrades that our UBAM consultants use to monitor their business and place customer orders.

Our capital expenditures included:

- Equipment purchased to increase our daily shipping capacity of \$3,475,600
- UBAM consultant and customer facing software upgrades of \$502,100
- Building and other improvements of \$167,600

Cash used in financing activities was \$4.9 million, which was comprised of net cash used to pay down term debt of \$7.8 million, payments of \$2.3 million for dividends and were offset by \$5.2 million in net borrowings under the line of credit.

We continue to expect the cash generated from our operations and cash available through our line of credit with our Bank will provide us the liquidity we need to support ongoing operations. Cash generated from operations will be used to increase inventory by expanding our product lines, to liquidate existing debt, and any excess cash is expected to be distributed to our shareholders.

On February 15, 2021, the Company executed the Amended and Restated Loan Agreement with MidFirst Bank which replaced the prior loan agreement and includes multiple loans. Term Loan #1 Tranche A, originally totaling \$13.4 million, was part of the prior loan agreement. Term Loan #1 Tranche A has a fixed interest rate of 4.23% with principal and interest payable monthly and a stated maturity date of December 1, 2025. Term Loan #1 is secured by the primary office, warehouse and land. The outstanding borrowings on Term Loan #1 were \$11.0 million and \$11.5 million as of February 28, 2021 and February 29, 2020, respectively.

In addition, the Amended and Restated Loan Agreement provides a \$6.0 million Advancing Term Loan to be used to finance planned equipment purchases. The Advancing Term Loan requires interest-only payments through July 15, 2021, at which time it will convert to a 60-month amortizing term loan maturing July 15, 2026. The

Advancing Term Loan accrues interest at the Bank-adjusted LIBOR Index plus a tiered pricing rate based on the Company's Adjusted Funded Debt to EBITDA Ratio, with a minimum rate of 2.75% and matures on July 15, 2026. The Company had no borrowings under the Advancing Term Loan at February 28, 2021.

The Amended and Restated Loan Agreement also provides a \$15.0 million revolving loan ("Line of credit") through August 15, 2022 with interest payable monthly at the Bank-adjusted LIBOR Index plus a tiered pricing rate based on the Company's Adjusted Funded Debt to EBITDA Ratio, with a minimum rate of 2.75%. The Company had \$5.2 million of borrowings outstanding on the line of credit as of February 28, 2021. Available credit under the revolving credit agreement was \$9.6 million as of February 28, 2021.

During the second quarter of fiscal year 2021, we paid off Term Loan #1 Tranche B totaling \$4.2 million from the previous loan agreement, which had a maturity date of December 1, 2025. In addition, we also paid off Term Loan #2 from the previous loan agreement totaling \$2.9 million, which previously had a maturity date of June 28, 2021. The purpose of paying off these loans early was to utilize our existing cash flows from operations to increase future profits by reducing interest expense, as well as, free up future cash flows to be used to either pay dividends or purchase additional shares.

The Amended and Restated Loan Agreement also contains a provision for our use of the Bank's letters of credit. The Bank agrees to issue or obtain issuance of commercial or stand-by letters of credit provided that the sum of the line of credit plus the letters of credit issued would not exceed the borrowing base in effect at the time. For the year ended February 28, 2021, we had no letters of credit outstanding. The agreement contains provisions that require us to maintain specified financial ratios, place limitations on additional debt with other banks, limit the amounts of dividends declared and limits the amount of shares that can be repurchased using funding from the line of credit.

The following table reflects aggregate future maturities of long-term debt during the next five fiscal years as follows:

Years ending February 28 (29),		
2022	\$	533,500
2023		556,800
2024		581,200
2025		605,400
2026	_	8,707,800
	<u>\$1</u>	0,984,700

During the first quarter of fiscal 2021 we increased our quarterly dividend payments from \$0.05 to \$0.06. During the third quarter of fiscal 2021 we further increased our quarterly dividend from \$0.06 to \$0.10 per quarter. The Company has a long history of paying quarterly dividends and expects to continue its current practice of paying quarterly dividends to its shareholders.

In April 2008, our Board of Directors amended our 1998 stock repurchase plan, establishing that we may purchase up to an additional 1,000,000 shares as market conditions warrant. In February 2019, our Board of Directors approved a new stock repurchase plan to replace the amended 2008 plan. Under the new 2019 plan, the Company is authorized to purchase up to 800,000 shares of common stock, which represented approximately 10% of the outstanding shares as of February 28, 2021, of which 514,594 remains available to purchase as of February 28, 2021. Management believes using excess liquidity to purchase outstanding shares enhances the value to the remaining shareholders and that these repurchases will have no adverse effect on our short-term and long-term liquidity.

#### **Contractual Obligations**

We are a smaller reporting company and are not required to provide this information.

#### **Off Balance Sheet Arrangements**

As of February 28, 2021, we had no off-balance sheet arrangements that have, or are reasonably likely to have, a current or future material effect on our financial condition, results of operations, liquidity, capital expenditures or capital resources.

#### Seasonality

The Company experiences increased sales in the Fall season. We experience an increase in inventory during the Summer in anticipation for the Fall increase in sales. In addition, new titles are released twice a year, in the Spring and Fall, which increases our inventory the months preceding these scheduled releases. The Company uses available cash or working capital borrowings to fund these increases in inventory.

#### **Critical Accounting Policies**

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. On an on-going basis, we evaluate our estimates, including those related to our valuation of inventory, allowance for uncollectible accounts receivable, allowance for sales returns, long-lived assets and deferred income taxes. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources.

Actual results may materially differ from these estimates under different assumptions or conditions. Historically, however, actual results have not differed materially from those determined using required estimates. Our significant accounting policies are described in the notes accompanying the financial statements included elsewhere in this report. However, we consider the following accounting policies to be more significantly dependent on the use of estimates and assumptions.

#### **Share-Based Compensation**

We account for share-based compensation whereby share-based payment transactions with employees, such as stock options and restricted stock, are measured at estimated fair value at the date of grant. For awards subject to service conditions, compensation expense is recognized over the vesting period on a straight-line basis. Awards subject to performance conditions are attributed separately for each vesting tranche of the award and are recognized ratably from the service inception date to the vesting date for each tranche. Forfeitures are recognized when they occur.

The restricted share awards granted under the 2019 Long-Term Incentive Plan ("2019 LTI Plan") contain both service and performance conditions. The Company recognizes share compensation expense only for the portion of the restricted share awards that are considered probable of vesting. Shares are considered granted, and the service inception date begins, when a mutual understanding of the key terms and conditions between the Company and the employees have been established. The fair value of these awards are determined based on the closing price of the shares on the grant date. The probability of restricted share awards granted with future performance conditions is evaluated at each reporting period and compensation expense is adjusted based on the probability assessment.

During fiscal years 2021 and 2020, the Company recognized \$0.9 million and \$0.7 million, respectively, of compensation expense associated with the shares granted.

#### **Revenue Recognition**

Sales associated with product orders are recognized and recorded when products are shipped. Products are shipped FOB- Shipping Point. UBAM's sales are generally paid at the time the product is ordered. Sales which have been paid for but not shipped are classified as deferred revenue on the balance sheet. Sales associated with consignment inventory are recognized when reported and payment associated with the sale has been remitted. Transportation revenue represents the amount billed to the customer for shipping the product and is recorded when the product is shipped.

Estimated allowances for sales returns are recorded as sales are recognized. Management uses a moving average calculation to estimate the allowance for sales returns. We are not responsible for product damaged in transit. Damaged returns are primarily received from the retail customers of our Publishing division. Those damages occur in the stores, not in shipping to the stores, and we typically do not offer credit for damaged returns. It is industry practice to accept non-damaged returns from retail customers. Management has estimated and included a reserve for sales returns of \$0.2 million for the fiscal years ended February 28, 2021 and February 29, 2020.

#### Allowance for Doubtful Accounts

We maintain an allowance for estimated losses resulting from the inability of our customers to make required payments and a reserve for vendor share markdowns (collectively "allowance for doubtful accounts"). An estimate of uncollectible amounts is made by management based upon historical bad debts, current customer receivable balances, age of customer receivable balances, customers' financial conditions and current economic trends. The COVID-19 pandemic caused several of our retail customers to temporarily close their stores during the past fiscal year. The impact of the temporary store closures on our customers is uncertain and many customers may be financially harmed and unable to continue operations. Management has evaluated customers with significant receivable balances to determine if additional bad debt reserves are needed. In addition, we have offered extended payment terms to customers that have requested assistance. Management has estimated an allowance for doubtful accounts of \$0.3 million and \$0.2 million as of February 28, 2021 and February 29, 2020, respectively. Included within this allowance is \$0.1 million of reserve for vendor discounts to sell remaining inventory as of February 28, 2021 and February 29, 2020.

#### **Inventory**

Our inventory contains over 2,000 titles, each with different rates of sale depending upon the nature and popularity of the title. Almost all of our product line is saleable as the books are not topical in nature and remain current in content today as well as in the future. Most of our products are printed in China, Europe, Singapore, India, Malaysia and Dubai resulting in a four to six-month lead-time to have a title printed and delivered to us.

Certain inventory is maintained in a noncurrent classification. Management continually estimates and calculates the amount of noncurrent inventory. Noncurrent inventory arises due to occasional purchases of titles in quantities in excess of what will be sold within the normal operating cycle, due to the minimum order requirements of our suppliers. Noncurrent inventory was estimated by management using the current year turnover ratio by title. All inventory in excess of 2½ years of anticipated sales is classified as noncurrent inventory. Noncurrent inventory balances prior to valuation allowances were \$0.9 million and \$1.2 million at February 28, 2021 and February 29, 2020, respectively.

Consultants that meet certain eligibility requirements may request and receive inventory on consignment. We believe allowing our consultants to have consignment inventory greatly increases their ability to be successful in making effective presentations at home shows, book fairs and other events; and having consignment inventory leads to additional sales opportunities. Approximately 4.0% of our active consultants maintained consignment inventory at the end of fiscal year 2021. Consignment inventory is stated at cost, less an estimated reserve for consignment inventory that is not expected to be sold or returned to the Company. The total cost of inventory on consignment with consultants was \$1.1 million and \$1.5 million at February 28, 2021 and February 29, 2020, respectively.

Inventories are presented net of a valuation allowance, which includes reserves for inventory obsolescence and reserves for consigned inventory that is not expected to be sold or returned to the Company. Management estimates the inventory obsolescence allowance for both current and noncurrent inventory, which is based on management's identification of slow-moving inventory. Management has estimated a valuation allowance for both current and noncurrent inventory, including the reserve for consigned inventory, of \$0.7 million and \$0.5 million as of February 28, 2021 and February 29, 2020, respectively. The increase in our valuation allowance is primarily an increase in the reserve for consigned inventory. Management has increased this reserve due to declined consignment sales as in-person events, such as booths and fairs, have been cancelled due to the Covid-19 pandemic.

Our principal supplier, based in England, generally requires a minimum re-order of 6,500 or more of a title in order to get a solo print run. Smaller orders would require a shared print run with the supplier's other customers, which can result in lengthy delays to receive the ordered title. Anticipating customer preferences and purchasing habits requires historical analysis of similar titles in the same series. We then place the initial order or re-order based upon this analysis. These factors and historical analysis have led our management to determine that  $2\frac{1}{2}$  years represents a reasonable estimate of the normal operating cycle for our products.

#### **New Accounting Pronouncements**

See the New Accounting Pronouncements section of Note 1 to our financial statements, included in Part IV, Item 15 of this report, for further details of recent accounting pronouncements.

#### Item 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are a smaller reporting company and are not required to provide this information.

#### Item 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The information required by Item 8 begins at page 21.

## Item 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None

#### Item 9A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

An evaluation was performed of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to the Securities Exchange Act of 1934 (the "Exchange Act") Rule 13a-15(a) as of February 28, 2021. This evaluation was conducted under the supervision and with the participation of our management, including our Chief Executive Officer (Principal Executive Officer) and our Chief Financial Officer and Corporate Secretary (Principal Financial and Accounting Officer).

Based on that evaluation, these officers concluded that our disclosure controls and procedures were effective to ensure that information required to be disclosed in reports that we file or submit under the Exchange Act is accumulated and communicated to them, as appropriate, to allow timely decisions regarding required disclosure and is recorded, processed, summarized, and reported in accordance with the time periods specified in SEC rules and forms. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events.

#### Changes in Internal Control over Financial Reporting

During the fourth quarter of the fiscal year covered by this report on Form 10-K, there have been no changes in our internal control over financial reporting that have materially affected or are reasonably likely to materially affect, our internal control over financial reporting.

#### Management's Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Rules 13(a) thru 15(f) of the Exchange Act. Under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, we evaluated the effectiveness of our internal control over financial reporting based on the framework set forth in the 2013 *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Based on our evaluation under the 2013 COSO Framework and applicable SEC rules, our management concluded that our internal control over financial reporting was effective as of February 28, 2021. Our internal control over financial reporting as of February 28, 2021 has been audited by HoganTaylor LLP, an independent registered public accounting firm, as stated in their report, which is included in this Form 10-K.

#### REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and the Board of Directors of Educational Development Corporation

#### Opinion on the Internal Control Over Financial Reporting

We have audited Educational Development Corporation's (the Company) internal control over financial reporting as of February 28, 2021, based on criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission in 2013. In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of February 28, 2021, based on criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission in 2013.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the balance sheets of the Company as of February 28, 2021 and February 29, 2020, the related statements of earnings, shareholders' equity and cash flows for the years then ended, and the related notes to the financial statements and our report dated May 13, 2021 expressed an unqualified opinion.

#### **Basis for Opinion**

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

#### **Definition and Limitations of Internal Control Over Financial Reporting**

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and the Board of Directors of Educational Development Corporation

#### **Opinion on the Financial Statements**

We have audited the accompanying balance sheets of Educational Development Corporation (the Company) as of February 28, 2021 and February 29, 2020, the related statements of earnings, shareholders' equity and cash flows for the years then ended, and the related notes to the financial statements (collectively, the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of February 28, 2021 and February 29, 2020, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of February 28, 2021, based on criteria established in *Internal Control* — *Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission in 2013, and our report dated May 13, 2021, expressed an unqualified opinion on the effectiveness of the Company's internal control over financial reporting.

#### **Basis for Opinion**

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

#### **Critical Audit Matters**

Critical audit matters are matters arising from the current period audit of the financial statements that were communicated or required to be communicated to the audit committee and that: (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. We determined that there are no critical audit matters.

/s/ HOGANTAYLOR LLP

We have served as the Company's auditor since 2005.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business—Educational Development Corporation ("we," "our," "us," or "the Company") distributes books and publications through our Usborne Books & More ("UBAM") and EDC Publishing ("Publishing") divisions to individual consumers, book, toy and gift stores, libraries and home educators located throughout the United States ("U.S."). We are the exclusive U.S. trade co-publisher of books and related items published by Usborne Publishing Limited ("Usborne"), an England-based publishing company, our largest supplier. We also publish books and related items through our ownership of Kane Miller Book Publisher ("Kane Miller").

**Estimates**—Our financial statements were prepared in conformity with accounting principles generally accepted in the United States of America, which requires management to make estimates and assumptions that affect the amounts and disclosures in the financial statements. Actual results could differ from these estimates.

**Business Concentration**—A significant portion of our inventory purchases are concentrated with Usborne. Purchases from them were approximately \$50.8 million and \$21.4 million for the years ended February 28, 2021 and February 29, 2020, respectively. Total inventory purchases for those same periods were approximately \$72.4 million and \$33.1 million, respectively. As of February 28, 2021 and February 29, 2020, our outstanding accounts payable due to Usborne was \$14.6 million and \$5.5 million, respectively.

A significant portion of our UBAM division sales are facilitated through the use of social media collaboration platforms that allow our consultants to interact in real-time, or near real-time, with customers. Consultants use these platforms to invite potential customers to "online parties," provide book recommendations, answer questions and provide links to other supporting online materials. When a customer is ready to purchase books from the online party, they are redirected from the social media platform to the consultant's e-commerce site where the order can be placed.

Cash and Cash Equivalents—Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits of \$250,000. We have never experienced any losses related to these balances. The majority of payments due from banks for third party credit card transactions process within two business days. These amounts due are classified as cash and cash equivalents. Cash and cash equivalents also include demand and time deposits, money market funds and other marketable securities with maturities of three months or less when acquired.

Accounts Receivable—Accounts receivable are uncollateralized customer obligations due under normal trade terms, generally requiring payment within thirty days from the invoice date. Extended payment terms are offered at certain times of the year for orders that meet minimum quantities or amounts. During fiscal 2021, extended payment terms were granted to customers that were negatively impacted by the COVID-19 pandemic. Delinquency fees are not assessed. Payments of accounts receivable are allocated to the specific invoices identified on the customers' remittance advice. Accounts receivable are carried at original invoice amount less an estimated reserve made for returns and discounts based on quarterly review of historical rates of returns and expected discounts to be taken. The carrying amount of accounts receivable is reduced, if needed, by a valuation allowance that reflects management's best estimate of the amounts that will not be collected.

Management periodically reviews accounts receivable balances and, based on an assessment of historical bad debts, current customer receivable balances, age of customer receivable balances, customers' financial conditions and current economic trends, estimates the portion of the balance that will not be collected. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation account based on its assessment of the current status of the individual accounts. Balances which remain outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. Recoveries of accounts receivable previously written off are recorded as income when received.

Management has estimated an allowance for doubtful accounts of \$331,900 and \$237,400 as of February 28, 2021 and February 29, 2020, respectively. Included within this allowance is \$93,900 of reserve for vendor discounts to sell remaining inventory as of February 28, 2021 and February 29, 2020.

*Inventories*—Inventories are stated at the lower of cost or net realizable value. Cost is determined using the average costing method. We present a portion of our inventory as a noncurrent asset. Occasionally we purchase book

inventory in quantities in excess of what will be sold within the normal operating cycle due to the minimum order requirements of our primary supplier. These excess quantities are included in noncurrent inventory. We estimate noncurrent inventory using the current year turnover ratio by title. For inventory that has at least twelve months of sales history, inventory in excess of 2½ years of anticipated sales is classified as noncurrent inventory.

The Company assumes title and responsibility for inventory purchased according to the contract language with our suppliers and the individual shipment terms for the order. The majority of Usborne orders pass title at FOB-Destination Port and most Kane Miller orders pass title at FOB-Shipping Point. The Company maintains insurance for the value of the inventory once the title has been passed until it is received at our warehouse ("inventory in transit").

Consultants that meet certain eligibility requirements may request and receive inventory on consignment. Consignment inventory is stated at the lower of cost or net realizable value, less an estimated reserve for consignment inventory that is not expected to be sold or returned to the Company. The total cost of inventory on consignment, excluding the estimated reserve, with consultants was \$1,114,100 and \$1,519,600 at February 28, 2021 and February 29, 2020, respectively. The Company has reserved for consignment inventory not expected to be sold or returned of \$478,600 and \$239,800 as of February 28, 2021 and February 29, 2020, respectively.

Inventories are presented net of a valuation allowance, which includes reserves for inventory obsolescence and consultant consignment inventory that is not expected to be sold or returned. Management estimates the allowance for both current and noncurrent inventory. The allowance is based on management's identification of slow-moving inventory and estimated consignment inventory that will not be sold or returned.

**Property, Plant and Equipment**—Property, plant and equipment are stated at cost and depreciated on a straight-line basis over their estimated useful life, as follows:

Building	30 years
Building improvements	5 – 15 years
Machinery and equipment	3 - 15 years
Capitalized software	4 years
Furniture and fixtures	3 years

Capitalized projects that are not placed in service are recorded as in progress and are not depreciated until the related assets are placed in service.

Impairment of Long-Lived Assets—We review the value of long-lived assets for possible impairment whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable based on estimated future cash flows. Such indicators include, among others, the nature of the asset, the projected future economic benefit of the asset, historical and future cash flows and profitability measurements. If the carrying value of an asset exceeds the future undiscounted cash flows expected from the asset, we recognize an impairment charge for the excess of carrying value of the asset over its estimated fair value. Determination as to whether and how much an asset is impaired involves management estimates and can be impacted by other uncertainties. No impairment was noted during fiscal years 2021 or 2020.

*Income Taxes*—We account for income taxes using the liability method. Under this method, deferred tax assets and liabilities are determined based on the difference between the financial statement and the tax basis of assets and liabilities using the current tax laws and rates. A valuation allowance is established when necessary to reduce net deferred tax assets to the amounts that are "more likely than not" to be realized.

**Revenue Recognition**—Revenue is derived from the sales of children's books and related products which are generally capable of being distinct and accounted for as a single performance obligation to deliver tangible goods. Substantially all of our books are sold to end consumers through our UBAM division and retail outlets through our Publishing division. Refer to Note 13 – Business Segments for revenue by segment. Revenues of both divisions are recognized at shipping point, which is the point in time the customer obtains control of the products and risk of loss and rewards of ownership have been transferred. Products are shipped FOB-Shipping Point. Sales taxes that are collected from customers and remitted to governmental authorities are accounted for as a pass through liability, and therefore are excluded from net sales.

The majority of the UBAM's sales contracts have a single performance obligation and are short-term in nature. UBAM's sales are generally collected at the time the product is ordered. Sales which have been paid for but not

shipped are classified as deferred revenue on the balance sheets. Sales associated with consignment inventory are recognized when reported by the consignee and payment associated with the sale has been collected. Transportation revenue represents the amount billed to the customer for shipping the product and is recorded when the product is shipped.

Certain UBAM sales contracts associated with the hostess award programs include sales incentives, such as discounted products. These incentives provide a separate performance obligation in the contract and material right to the customer. The transaction price is allocated to the material right based on its relative standalone selling price and is recognized in revenue as the performance obligations are satisfied, which occurs at shipping point or at the expiration of the material right. As the products included as sales incentives are shipped with the associated products ordered, there is no deferral required. Revenues allocated to the material right are recognized in gross sales, discounts and allowances and cost of goods sold in our statement of earnings.

The majority of Publishing's sales contracts have a single performance obligation and are short-term in nature. Publishing's sales may be collected at the time the product is shipped or the customers may be given payment terms based primarily on their credit worthiness and payment history.

Estimated allowances for sales returns, which reduce net revenues and costs of goods sold, are recorded as sales are recognized. Management uses a moving average calculation to estimate the allowance for sales returns. We are not responsible for product damaged in transit. Damaged returns are primarily from retail stores. These returns result from damage that occurs in the stores, not in shipping to the stores. It is industry practice to accept non-damaged returns from retail customers. Management has estimated sales returns of approximately \$201,500 as of both February 28, 2021 and February 29, 2020, which is included in other current liabilities on the Company's balance sheets. In addition, Management has recorded an asset for the expected value of non-damaged inventories to be returned. The estimated value of returned products of \$100,800 is included in other current assets on the Company's balance sheets as of both February 28, 2021 and February 29, 2020.

The Company generally expenses sales commissions in the same period that the revenue is recognized. These costs are recorded within operating expenses. The Company does not disclose the value of unsatisfied performance obligations for contracts with an unexpected length of one year or less.

Advertising Costs—Advertising costs are expensed as incurred. Advertising expenses, included in general and administrative expenses in the statements of earnings, were \$1,181,300 and \$579,500 for the years ended February 28, 2021 and February 29, 2020, respectively.

Shipping and Handling Costs—We classify shipping and handling costs as operating and selling expenses in the statements of earnings. Shipping and handling costs include postage, freight, handling costs, as well as shipping materials and supplies. These costs were \$34,167,000 and \$17,240,300 for the years ended February 28, 2021 and February 29, 2020, respectively.

*Interest Expense*—Interest related to our outstanding debt is recognized as incurred. Interest expense, classified separately in the statements of earnings, was \$561,000 and \$888,100 for the years ended February 28, 2021 and February 29, 2020, respectively.

Earnings per Share—Basic earnings per share ("EPS") is computed by dividing net earnings by the weighted average number of common shares outstanding during the period. Diluted EPS is based on the combined weighted average number of common shares outstanding and dilutive potential common shares issuable which include, where appropriate, the assumed exercise of options and the assumed vesting of granted restricted share awards. In computing Diluted EPS, we have utilized the treasury stock method.

The computation of weighted average common and common equivalent shares used in the calculation of basic and diluted EPS is shown below:

	Year Ended February 28 (29),	
	2021	2020
Earnings per share:		
Net earnings applicable to common shareholders	\$12,624,000	\$5,645,100
Shares:		
Weighted average shares outstanding-basic	8,352,474	8,318,412
Assumed exercise of options and issuance of nonvested restricted shares	74,250	4,716
Weighted average shares outstanding-diluted	8,426,724	8,323,128
Diluted earnings per share:		
Basic	\$ 1.51	\$ 0.68
Diluted	\$ 1.50	\$ 0.68

Share-Based Compensation—We account for share-based compensation whereby share-based payment transactions with employees, such as stock options and restricted stock, are measured at estimated fair value at the date of grant. For awards subject to service conditions, compensation expense is recognized over the vesting period on a straight-line basis. Awards subject to performance conditions are attributed separately for each vesting tranche of the award and are recognized ratably from the service inception date to the vesting date for each tranche. Forfeitures are recognized when they occur.

**New Accounting Pronouncements**—The Financial Accounting Standards Board ("FASB") periodically issues new accounting standards in a continuing effort to improve standards of financial accounting and reporting. We have reviewed the recently issued pronouncements and concluded that the following recently issued accounting standard updates ("ASU") apply to us:

In December 2019, the FASB published ASU 2019-12: Income Taxes (Topic 740), which simplifies the accounting for income taxes. Topic 740 addresses a number of topics including but not limited to the removal of certain exceptions currently included in the standard related to intra-period allocation when there are losses, in addition to calculation of income taxes when current year-to-date losses exceed anticipated loss for the year. The amendment also simplifies accounting for certain franchise taxes and disclosure of the effect of enacted change in tax laws or rates. Topic 740 is effective for public entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2020. The impact of the adoption is not expected to have a material impact to our financial statements and disclosures.

In March 2020, the FASB issued ASU 2020-04: Reference Rate Reform (Topic 848) Facilitation of the Effects of Reference Rate Reform on Financial Reporting. This update provides optional guidance for a limited period of time to ease potential accounting impacts associated with transitioning away from reference rates that are expected to be discontinued, such as London Interbank Offered Rate (LIBOR). This ASU includes practical expedients for contract modifications due to reference rate reform. Generally, contract modifications related to reference rate reform may be considered an event that does not require remeasurement or reassessment of a previous accounting determination at the modification date. This ASU is effective March 12, 2020 through December 31, 2022. The Company's debt agreements include the use of alternate rates when LIBOR is not available. We do not expect the change from LIBOR to an alternate rate will have a material impact to our financial statements and, to the extent we enter into modifications of agreements that are impacted by the LIBOR phase-out, we will apply such guidance to those contract modifications.

#### 2. INVENTORIES

Inventories consist of the following:

	February 28 (29),	
	2021	2020
Current:		
Book inventory	\$52,276,200	\$30,346,900
Inventory valuation allowance	(513,800)	(259,600)
Inventories net - current	<u>\$51,762,400</u>	\$30,087,300
Noncurrent:		
Book inventory	\$ 894,300	\$ 1,226,500
Inventory valuation allowance	(209,000)	(209,800)
Inventories net - noncurrent	\$ 685,300	\$ 1,016,700

Inventory in transit totaled \$6,467,400 and \$549,900 at February 28, 2021 and February 29, 2020, respectively.

Book inventory quantities in excess of what we expect will be sold within the normal operating cycle, based on 2 ½ years of anticipated sales, are included in non-current inventory.

#### 3. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment consist of the following:

	February 28 (29),	
	2021	2020
Land	\$ 4,107,200	\$ 4,107,200
Building	20,373,900	20,321,800
Building improvements	1,949,200	1,833,700
Machinery and equipment	8,289,400	8,025,000
Furniture and fixtures	110,800	110,800
Capitalized software	866,500	_
Property, plant and equipment - in progress	4,436,300	528,300
Total property, plant and equipment	40,133,300	34,926,800
Less accumulated depreciation	(10,182,300)	(8,549,100)
Property, plant and equipment-net	\$ 29,951,000	\$26,377,700

During fiscal year 2020, the Company began the process to upgrade the software platform that the UBAM division consultants use to monitor their business. During fiscal year 2021, the Company placed into service these UBAM platform upgrades and continued its development of a new platform for customers to place orders. In addition, during fiscal year 2021 the Company began construction on two new pick-pack-ship lines to increase the Company's daily shipping capacity.

#### 4. OTHER CURRENT LIABILITIES

Other current liabilities consist of the following:

	February 28 (29),	
	2021	2020
Accrued royalties	\$1,423,400	\$ 655,600
Accrued UBAM incentives	1,695,000	819,400
Accrued freight	265,700	150,600
Sales tax payable	986,400	499,300
Allowance for expected inventory returns	201,500	201,500
Other	1,522,800	911,800
Total other current liabilities	\$6,094,800	\$3,238,200

#### 5. INCOME TAXES

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The tax effects of significant items comprising our net deferred tax assets and liabilities are as follows:

	February 28 (29),		
	2021	2020	
Deferred tax assets:			
Allowance for doubtful accounts	\$ 89,600	\$ 64,100	
Inventory overhead capitalization	127,700	69,200	
Inventory valuation allowance	138,700	70,100	
Inventory valuation allowance – noncurrent	56,400	56,700	
Allowance for sales returns	27,200	27,200	
Accruals	754,200	363,900	
Total deferred tax assets	1,193,800	651,200	
Deferred tax liabilities:			
Property, plant and equipment	(1,283,700)	(1,644,500)	
Total deferred tax liabilities	(1,283,700)	(1,644,500)	
Net deferred income tax liabilities	<u>\$ (89,900)</u>	<u>\$ (993,300)</u>	
The components of income tax expense are as follows:			
	Februar	y 28 (29),	
	2021	2020	
Current:			
Federal	\$3,236,400	\$1,518,600	
State	901,600	467,500	
	4,138,000	1,986,100	
Deferred:			
Federal	382,100	109,300	
State	86,700	11,400	

The following reconciles our expected income tax rate to the U.S. federal statutory income tax rate:

Total income tax expense ......

468,800

\$4,606,800

120,700

\$2,106,800

	February 28 (29),	
	_2021_	_2020_
U.S. federal statutory income tax rate	21.0%	21.0%
U.S. state and local income taxes-net of federal benefit	5.5%	5.9%
Other	0.2%	0.3%
Total income tax expense	<u>26.7</u> %	<u>27.2</u> %

We file our tax returns in the U.S. and certain state jurisdictions in which we have nexus. We are no longer subject to income tax examinations by tax authorities for fiscal years before 2017.

Based upon a review of our income tax filing positions, we believe that our positions would be sustained upon an audit and do not anticipate any adjustments that would result in a material change to our financial position. Therefore, no reserves for uncertain income tax positions have been recorded. We classify interest and penalties associated with income taxes as a component of income tax expense on the statements of earnings.

#### 6. EMPLOYEE BENEFIT PLAN

The Company has created the Educational Development Corporation Employee 401(k) Plan ("EDC 401(k) Plan") as a benefit plan for employees offering retirement investment options as well as profit sharing with its employees, in the form of matching contributions. This plan incorporates the provisions of Section 401(k) of the Internal Revenue Code that allow favorable tax treatments on investments. The EDC 401(k) Plan is available to all employees that meet specific age and length of service requirements. The Company's matching contributions are discretionary and approved annually at a meeting of the EDC 401(k) Plan's Trustees and Company's management. Matching contributions made to the Plan by the Company totaled \$126,800 and \$146,600 during the fiscal years ended February 28, 2021 and February 29, 2020, respectively.

The EDC 401(k) Plan includes, as an investment option, the ability to purchase shares of the Company's stock. Employees that made contributions in this investment option historically purchased their shares directly from the Company. Sales of our treasury stock to the EDC 401(k) Plan totaled 40,559 shares in fiscal 2020. In fiscal year 2021, the EDC 401(k) Plan administrator began acquiring shares of the Company stock directly from the NASDAQ.

#### 7. LEASES

We have both lessee and lessor arrangements. Our leases are evaluated at inception or at any subsequent modification. Depending on the terms, leases are classified as either operating or finance leases if we are the lessee, or as operating, sales-type or direct financing leases if we are the lessor, as appropriate under Accounting Standards Codification ("ASC") 842 - Leases. Our lessee arrangement includes a rental agreement where we have the exclusive use of dedicated office space in San Diego, California, and qualifies as an operating lease. Our lessor arrangements include three rental agreements for warehouse and office space in Tulsa, Oklahoma, and each qualifies as an operating lease under ASC 842.

In accordance with ASC 842, we have made an accounting policy election to not apply the new standard to lessee arrangements with a term of one year or less and no purchase option that is reasonably certain of exercise. We will continue to account for these short-term arrangements by recognizing payments and expenses as incurred, without recording a lease liability and right-of-use asset.

We have also made an accounting policy election for both our lessee and lessor arrangements to combine lease and non-lease components. This election is applied to all of our lease arrangements as our non-lease components are not material and do not result in significant timing differences in the recognition of rental expenses or income.

#### Operating Leases – Lessee

We recognize a lease liability, reported in other liabilities on the balance sheets, for each lease based on the present value of remaining minimum fixed rental payments (which includes payments under any renewal option that we are reasonably certain to exercise), using a discount rate that approximates the rate of interest we would have to pay to borrow on a collateralized basis over a similar term. We also recognize a right-of-use asset, reported in other assets on the balance sheets, for each lease, valued at the lease liability, adjusted for prepaid or accrued rent balances existing at the time of initial recognition. The lease liability and right-of-use asset are reduced over the term of the lease as payments are made and the assets are used.

	February 28 (29),	
	2021	2020
Operating lease assets:		
Right-of-use asset	\$34,100	\$45,200
Operating lease liabilities:		
Current lease liability	\$13,700	\$13,500
Long-term lease liability	\$20,400	\$31,700
Remaining lease term (months)	31	43
Discount Rate	4.60%	4.60%

Minimum fixed rental payments are recognized on a straight-line basis over the life of the lease as costs and expenses in our statements of earnings. Variable and short-term rental payments are recognized as costs and expenses as they are incurred.

	February 28 (29),	
	2021	2020
Fixed lease cost	\$13,200	\$12,700

Future minimum rental payments under operating leases with initial terms greater than one year as of February 28, 2021, are as follows:

Years ending February 28 (29),	
2022	\$13,700
2023	14,200
2024	8,400
Total future minimum rental payments	36,300
Present value discount	(2,200)
Total operating lease liability	\$34,100

The following table provides further information about our operating leases reported in our financial statements:

	February 28 (29),	
	2021	2020
Operating cash flows – operating lease	\$13,200	\$12,700

#### Operating Leases - Lessor

In connection with the 2015 purchase of our 400,000 square-foot facility on 40-acres, we entered into a 15-year lease with the seller, a non-related third party, who leases 181,300 square feet, or 45.3% of the facility. The lessee pays \$116,800 per month, through the lease anniversary date of December 2021, with a 2.0% annual increase adjustment on each anniversary date thereafter. The lease terms allow for one five-year extension, which is not a bargain renewal option, at the expiration of the 15-year term. Revenues associated with the lease are being recorded on a straight-line basis over the initial lease term and are reported in other income in the statements of earnings. We recognize variable rental payments as revenue in the period in which the changes in facts and circumstances on which the variable lease payments are based occur.

Future minimum payments receivable under operating leases with terms greater than one year are estimated as follows:

Years ending February 28 (29),	
2022	\$ 1,542,100
2023	1,573,200
2024	, ,
2025	1,547,100
2026	1,524,300
Thereafter	8,091,000
Total	\$15,855,600

The cost of the leased space was approximately \$10,826,400 and \$10,789,500 as of February 28, 2021 and February 29, 2020, respectively. The accumulated depreciation associated with the leased assets was \$2,216,700 and \$1,828,900 as of February 28, 2021 and February 29, 2020, respectively. Both the leased assets and accumulated depreciation are included in property, plant and equipment-net on the balance sheets.

#### 8. DEBT

Debt consists of the following:

	February 28 (29),	
	2021	2020
Line of credit	\$ 5,245,300	<u> </u>
Long-term debt	\$10,984,700	\$18,811,700
Less current maturities.	(533,500)	(1,027,400)
Long-term debt, net of current maturities	\$10,451,200	\$17,784,300

The Company executed an Amended and Restated Loan Agreement on February 15, 2021 (as amended the "Loan Agreement") with MidFirst Bank ("the Bank"), which replaced the prior loan agreement and includes multiple loans. Term Loan #1 Tranche A, originally totaling \$13.4 million, was part of the prior loan agreement. Term Loan #1 Tranche A has a fixed interest rate of 4.23% with principal and interest payable monthly and a stated maturity date of December 1, 2025. Term Loan #1 is secured by the primary office, warehouse and land. The outstanding borrowings on Term Loan #1 were \$10,984,700 and \$11,497,100 as of February 28, 2021 and February 29, 2020, respectively.

The Loan Agreement also provides a \$15.0 million revolving loan ("Line of credit") through August 15, 2022 with interest payable monthly at the Bank-adjusted LIBOR Index plus a tiered pricing rate based on the Company's Adjusted Funded Debt to EBITDA Ratio, with a minimum rate of 2.75% (the effective rate was 2.75% at February 28, 2021). The Company had \$5,245,300 of borrowings outstanding on the line of credit as of February 28, 2021. Available credit under the revolving credit agreement was \$9,570,200 as of February 28, 2021.

In addition, the Loan Agreement provides a \$6.0 million Advancing Term Loan to be used to finance planned equipment purchases. The Advancing Term Loan requires interest-only payments through July 15, 2021, at which time it will convert to a 60-month amortizing term loan maturing July 15, 2026. The Advancing Term Loan accrues interest at the Bank-adjusted LIBOR Index plus a tiered pricing rate based on the Company's Adjusted Funded Debt to EBITDA Ratio, with a minimum rate of 2.75% (the effective rate was 2.75% at February 28, 2021). The Company had no borrowings under the Advancing Term Loan at February 28, 2021.

The Company had three separate loans under the prior loan agreement with the Bank: Term Loan #1 Tranche B, Term Loan #2 and a revolving loan that were fully paid prior to executing the current Loan Agreement. The Tranche B Loan had interest payable monthly at the Bank-adjusted LIBOR Index plus a tiered pricing rate based on the Company's Adjusted Funded Debt to EBITDA Ratio, with a minimum rate of 2.75%. The outstanding borrowings on the Tranche B Loan was \$4,293,500 as of February 29, 2020. Term Loan #2 had interest payable monthly at the Bank-adjusted LIBOR Index plus a tiered pricing rate based on the Company's Adjusted Funded Debt to EBITDA Ratio, with a minimum rate of 2.75%. Term Loan #2 was secured by our secondary warehouse and land. The outstanding borrowings on Term Loan #2 was \$3,021,100 as of February 29, 2020. The prior loan agreement also provided a \$10.0 million revolving loan with interest payable monthly at the Bank-adjusted LIBOR Index plus a tiered pricing rate based on the Company's Adjusted Funded Debt to EBITDA Ratio, with a minimum rate of 2.75%. We had no borrowings outstanding on the line of credit at February 29, 2020.

The Advancing Term Loan and the line of credit accrue interest at a tiered rate based on our Adjusted Funded Debt to EBITDA ratio. The current pricing tier is as follows:

Pricing Tier	Adjusted Funded Debt to EBITDA Ratio	LIBOR Margin (bps)
I	>2.00	300.00
II	>1.50 but <2.00	275.00
III	>1.00 but <1.50	250.00
IV	<1.00	225.00

Adjusted Funded Debt is defined as all long-term and short-term bank debt less the outstanding balance of Term Loan #1. EBITDA is defined in the Loan Agreement as net income plus interest expense, income tax expense

(benefit) and depreciation and amortization expenses. The Adjusted Funded Debt to EBITDA ratio includes Adjusted Funded Debt to trailing twelve month EBITDA, reduced by specific rental income received from a non-related third party, see Note 7. The \$15.0 million line of credit is limited to advance rates on eligible receivables and eligible inventory levels.

The Loan Agreement contains a provision for our use of the Bank's letters of credit. The Bank agrees to issue or obtain issuance of commercial or stand-by letters of credit provided that no letters of credit will have an expiry date later than August 15, 2022, and that the sum of the line of credit plus the letters of credit would not exceed the borrowing base in effect at the time. We had no letters of credit outstanding as of February 28, 2021.

The Loan Agreement also contains provisions that require the Company to maintain specified financial ratios and limits any additional debt with other lenders. Additionally, the Loan Agreement places limitations on the amount of dividends that may be distributed and the total value of stock that can be repurchased using advances from the line of credit.

On April 16, 2020, the Company entered into a loan with the Bank of approximately \$1.4 million pursuant to the Paycheck Protection Program ("PPP") under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The PPP Loan had a fixed interest rate of 1.00%, with principal and interest payments starting December 1, 2020 and a scheduled maturity date of May 1, 2022. The Company determined the PPP loan was no longer needed and repaid the loan in full, including interest accrued to date, on May 12, 2020.

The following table reflects aggregate future maturities of long-term debt during the next five fiscal years as follows:

Years ending February 28 (29),		
2022	\$	533,500
2023		556,800
2024		581,200
2025		605,400
2026	_	8,707,800
Total	\$1	0,984,700

#### 9. COMMITMENTS AND CONTINGENCIES

As of February 28, 2021, the Company had outstanding purchase commitments for inventory totaling \$37,577,300, which will be received and payments due during fiscal year 2022. Of these inventory commitments, \$26,141,100 were with Usborne, \$11,231,500 with various Kane Miller publishers and the remaining \$204,700 with other suppliers.

The Company also had outstanding purchase commitments for equipment associated with the addition of two new pick-pack-ship lines totaling \$1,693,600 at February 28, 2021, of which \$1,061,200 was included in accounts payable.

#### 10. SHARE-BASED COMPENSATION

The Board of Directors adopted the 2002 Incentive Stock Option Plan (the "2002 Plan") in June of 2002. The 2002 Plan also authorized us to grant up to 2,000,000 stock options. Options granted under the 2002 Plan vest at date of grant and are exercisable up to ten years from the date of grant. The exercise price on options granted is equal to the market price at the date of grant. There were no options outstanding during fiscal year 2021. The options outstanding at the beginning of fiscal year 2020 were exercised in December 2019.

A summary of the status of our 2002 Plan as of February 28, 2021 and February 29, 2020, and changes during the years then ended is presented below:

	February 28 (29),			
	2021		2020	
	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price
Outstanding at beginning of year	_	_	10,000	\$2.63
Exercised	_	_	10,000	\$2.63
Expired	=	=		
Outstanding at end of year	$\equiv$	=		

In July 2018, our shareholders approved the Company's 2019 Long-Term Incentive Plan ("2019 LTI Plan"). The 2019 LTI Plan established up to 600,000 shares of restricted stock to be granted to certain members of management based on exceeding specified net revenues and pre-tax performance metrics during fiscal years 2019, 2020 and 2021. Restricted shares granted under the 2019 LTI Plan "cliff vest" after five years.

The restricted share awards granted under the 2019 LTI Plan contain both service and performance conditions. The Company recognizes share compensation expense only for the portion of the restricted share awards that are considered probable of vesting. Shares are considered granted, and the service inception date begins, when a mutual understanding of the key terms and conditions between the Company and the employee have been established. The fair value of these awards is determined based on the closing price of the shares on the grant date. The probability of restricted share awards granted with future performance conditions is evaluated at each reporting period and compensation expense is adjusted based on the probability assessment.

During fiscal year 2019, the Company granted approximately 308,000 restricted shares under the 2019 LTI Plan with an average grant-date fair value of \$9.94 per share. 5,000 restricted shares from fiscal year 2019 were forfeited during fiscal year 2021. The remaining compensation expense for fiscal year 2019 awards, totaling approximately \$1,307,000, will be recognized ratably over the remaining vesting period of approximately 24 months. No shares were granted during fiscal year 2020.

During fiscal year 2021, the Company initially granted 151,000 restricted shares under the 2019 LTI Plan with an average grant-date fair value of \$6.30 per share. 8,000 of these shares were granted, forfeited and re-granted to remaining participants in fiscal year 2021. In the third quarter of fiscal year 2021, the Company increased the number of shares granted for fiscal year 2021 from 151,000 to 305,000 due to revised performance expectations for the year. The remaining compensation expense for these awards, totaling approximately \$1,571,200, will be recognized ratably over the remaining vesting period of approximately 48 months. As of February 28, 2021, there are no restricted shares available for issuance as future awards under the 2019 LTI Plan.

A summary of compensation expense recognized in connection with restricted share awards as follows:

	Year Ended February 28 (29),	
	2021	2020
Share-based compensation expense	\$938,600	\$665,100

The following table summarizes stock award activity during fiscal year 2021 under the 2019 LTI Plan:

	Shares	Fair Value (per share)
Outstanding at February 29, 2020	308,000	\$ 9.94
Granted	305,000	6.30
Vested	_	_
Forfeited	<u>(13,000</u> )	<u>(7.70</u> )
Outstanding at February 28, 2021	600,000	<u>\$ 8.14</u>

As of February 28, 2021, total unrecognized share-based compensation expense related to unvested restricted shares was \$2,878,200, which we expect to recognize over a weighted-average period of 37.1 months.

#### 11. STOCK REPURCHASE PLAN

In April 2008, the Board of Directors authorized us to repurchase up to an additional 1,000,000 shares of our common stock under the plan initiated in 1998 ("amended 2008 plan"). On February 4, 2019, the Board of Directors replaced the amended 2008 plan with a new plan which authorized us to repurchase up to 800,000 shares of outstanding common stock in the open market or in privately negotiated transactions, and to utilize any derivative or similar instrument to effect share repurchase transactions (including without limitation, accelerated share repurchase contracts, equity forward transactions, equity swap transactions, floor transactions or other similar transactions or any combination of the foregoing transactions). This plan has no expiration date.

During fiscal year 2021, we purchased 22,565 shares at an average price of \$7.27 per share totaling approximately \$163,800 under the 2019 stock repurchase plan. During fiscal year 2020, we purchased 254,475 shares at an average price of \$6.70 per share totaling approximately \$1,705,800 under the 2019 stock repurchase plan. The maximum number of shares that may be repurchased in the future is 514,594.

#### 12. QUARTERLY RESULTS OF OPERATIONS (UNAUDITED)

The following is a summary of the quarterly results of operations for the years ended February 28, 2021 and February 29, 2020:

	Net Revenues	Gross Margin	Net Earnings	Basic Earnings Per Share	Diluted Earnings Per Share
2021					
First quarter	\$ 38,291,700	\$ 26,896,200	\$ 1,931,100	\$0.23	\$0.23
Second quarter	59,250,100	41,940,600	4,255,000	0.51	0.51
Third quarter	66,750,300	47,152,500	4,269,600	0.51	0.51
Fourth quarter	40,343,000	28,608,800	2,168,300	0.26	0.25
Total year	<u>\$204,635,100</u>	<u>\$144,598,100</u>	<u>\$12,624,000</u>	<u>\$1.51</u>	<u>\$1.50</u>
2020					
First quarter	\$ 27,587,400	\$ 18,531,200	\$ 1,363,600	\$0.17	\$0.17
Second quarter	24,438,000	16,391,600	1,007,600	0.12	0.12
Third quarter	40,824,600	27,544,700	2,735,800	0.33	0.33
Fourth quarter	20,161,900	13,681,100	538,100	0.06	0.06
Total year	\$113,011,900	\$ 76,148,600	\$ 5,645,100	<u>\$0.68</u>	<u>\$0.68</u>

#### 13. BUSINESS SEGMENTS

We have two reportable segments: Publishing and UBAM. These reportable segments offer different methods of distribution to different types of customers. They are managed separately based on the fundamental differences in their operations. Our Publishing segment markets its products to retail accounts, which include book, school supply, toy and gift stores and museums, through commissioned sales representatives, trade and specialty wholesalers and our internal tele-sales group. Our UBAM segment markets its products through a network of independent sales consultants using a combination of internet sales, direct sales, home shows and book fairs.

The accounting policies of the segments are the same as those of the rest of the Company. We evaluate segment performance based on earnings before income taxes of the segments, which is defined as segment net revenues reduced by cost of sales and direct expenses. Corporate expenses, depreciation, interest expense and income taxes are not allocated to the segments but are listed in the "Other" row below. Corporate expenses include the executive department, accounting department, information services department, general office management, warehouse operations and building facilities management. Our assets and liabilities are not allocated on a segment basis.

Information by industry segment for the years ended February 28, 2021 and February 29, 2020 is set forth below:

#### **NET REVENUES**

	2021	2020
Publishing	\$ 8,625,800	\$ 9,701,300
UBAM	196,009,300	103,310,600
Total	\$204,635,100	\$113,011,900

#### EARNINGS (LOSS) BEFORE INCOME TAXES

	2021	2020
Publishing	\$ 2,571,600	\$ 2,682,000
UBAM	32,820,600	17,444,600
Other	(18,161,400)	(12,374,700)
Total	\$ 17,230,800	\$ 7,751,900

#### 14. FAIR VALUE MEASUREMENTS

The valuation hierarchy included in U.S. GAAP considers the transparency of inputs used to value assets and liabilities as of the measurement date. A financial instrument's classification within the valuation hierarchy is based on the lowest level of input that is significant to its fair value measurement. The three levels of the valuation hierarchy and the classification of our financial assets and liabilities within the hierarchy are as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2 Observable inputs other than quoted prices included within Level 1 for the asset or liability, either directly or indirectly. If an asset or liability has a specified term, a Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Unobservable inputs for the asset or liability.

We do not report any assets or liabilities at fair value in the financial statements. However, the estimated fair value of our term notes payable is estimated by management to approximate \$11,078,800 and \$19,155,500 as of February 28, 2021 and February 29, 2020, respectively. Management's estimates are based on the obligations' characteristics, including floating interest rate, maturity, and collateral. Such valuation inputs are considered a Level 2 measurement in the fair value valuation hierarchy.

#### 15. DEFERRED REVENUES

The Company's UBAM division receives payments on orders in advance of shipment. Any payments received prior to our fiscal year end that were not shipped as of February 28, 2021 and February 29, 2020 are recorded as deferred revenues on the balance sheets. We received approximately \$1,914,100 and \$385,300 as of February 28, 2021 and February 29, 2020, respectively, in payments for sales orders which were, or will be, shipped out subsequent to the fiscal year end. Orders that were included in deferred revenues predominantly shipped within the first few days of the next fiscal year.

#### 16. SUBSEQUENT EVENTS

On April 1, 2021, the Company executed the First Amendment to the Loan Agreement which reduced the fixed interest rate on Term Loan #1 to 3.12% and removed the prepayment premium from the Loan Agreement.

On May 11, 2021, the Board of Directors of EDC approved a \$0.10 dividend that will be paid to shareholders of record on Wednesday, June 2, 2021.

#### CONSENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We consent to the incorporation by reference in the Registration Statements (No. 33-60188, 333-100659 and 333-231817) on Form S-8 of Educational Development Corporation of our reports dated May 13, 2021, relating to the financial statements and the effectiveness of internal control over financial reporting of Educational Development Corporation, appearing in this Annual Report on Form 10-K of Educational Development Corporation for the year ended February 28, 2021.

/s/ HOGANTAYLOR LLP

Tulsa, Oklahoma May 13, 2021

#### CERTIFICATION

#### I, Randall W. White, certify that:

- 1. I have reviewed this Annual Report on Form 10-K of Educational Development Corporation;
- Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
